### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears on the attached pages. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: Please use attached listing of claims that corrects dependency errors on Claims 4, 6, and 18; which depended from cancelled claims 3, 5, and 17.

### ***Reasons for Allowance***

2. In response to amendment filed on 23 November 2005 with an original application filed 30 March 2001, with acknowledgement of a continuing data filing date of 31 March 2000.

3. Claims 2, 4, 6-16, 18, 20, and 21 are currently pending in this application. Claims 2, 15, and 20 are independent claims. Claims 2, 4, 15, and 20 have been amended. Claims 1, 3, 5, 17, and 19 have been cancelled. Amendment to the claims is accepted.

### ***Allowable Subject Matter***

4. The following is an examiner's statement of reasons for allowance: Claims 2, 4, 6-16, 18, 20, and 21 are allowed, in view of arguments presented in amendment beginning on page 10, "In contrast, O'Brien et al., do not install the "security modules" as a "chain" or linked list between the system call table (ST) and a system call. Instead, O'Brien et al. install a security module system call table (SM SCT) between the system

call table (ST) and a system call, col. 5

lines 31- 46. Also, it would not be possible for O'Brien et al. to implement its security modules as a "chain" or linked list that is terminated by the system call, because each security module contains pre-processing and post-processing software, col. 5 lines 40-42. In other words, it must be possible to execute each security module before and after the system call and not just before.

O'Brien et al. explicitly teach away from amended independent claims 2, 15, and 20".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
